(3 hours total) Bookings essential. A\$90.00pp

FROM THE CHAIR-CAMEL

My New Year make-over!

Hey, check out my new look. Even if I say so myself, I look fine!

You can still find me at www.pichirichicameltours.com but now I have a whole new look!

Officially launched in December 2009 my new home has all of the old information, plus a whole lot more!

What a great year it has been. New tours,

new friends and brilliant new adventures to be had. My pets, Graham & Jannene had a new calf, River. A little bull calf, which is great because as we all know a little bull can go a long way.

Myrtle's 1 year old calf, Clancy, has already claimed River as his pet. Clancy used to be the youngest around here, but now River has come along & Clancy is really happy because he's not the newest anymore.

So my friends here at Pichi Richi Camel Farm, & I would like to wish you all a safe New Year & peace & happiness in 2010.

Feral

Ocean to Outback

Pichi Richi Camel Tours' newest adventure. This is a rare opportunity to experience the best of our timeless land.

Join the crew of "Champagne" for a leisurely cruise along the base of the Ranges. Dolphins frolic in the wake. Massive granite mesas to the west stand as silent sentinels.

The Flinders Ranges to the east, fossils of the worlds oldest life forms hidden in her folds.

You will be transferred through Pichi Richi Pass to continue your adventure.....

Relax beneath an enormous outback sky. You are in the hands of Australia's most experienced cameleer. Watch for kangaroos & emus

as the sun slowly sinks toward the rim of the Dutchman escarpment. Undisturbed by the quiet footsteps of the camel you will be amazed at how close you get before they bound

away. Dinner is a 2 course gourmet bush food delight accompanied by Flinders Ranges wine or ice cold beer. Find a seat by the fire* as the first stars wink on. You will be transported back in time as you listen to traditional creation stories told by an Adnyamathanha story teller. Stories that are still told to the children today and explain existence of life itself. Departs daily at 1:30pm. Book through our website or telephone us.
