

Sunset Tour

“The highlight of our time in South Australia”

Helen Atalla. Rowville, Victoria.

Sunset Tour.

This Tour is not available as an ex-Adelaide package, however if you need help getting to us or finding accommodation please ring or email – we will do everything we can to assist.

Departing two hours before sunset this tour is the perfect opportunity to absorb the stillness and timelessness of Australia’s oldest arid mountain range.

As a warm breeze brushes by, you will be amazed by the subtleties of fragrances; the dry earthy smells from the north, mixing with the honey fragrance of the grass tree flowers as you ride past.

Your guide will have your mouth watering as he tells you how to make cordial from the berries of the Ruby Saltbush that you are riding past, or points out the seed pods of the Acacia Victoreii used for thousands of years as a food source by the Australian Aboriginals, and today used for it’s fantastic coffee like flavour.

As the galahs and cockatoo’s begin their raucous calling before settling for the night the sun sinks behind the rim of the towering Dutchman escarpment. The first stars wink on in the evening sky as you complete your journey, 2 hours after departing.

Departs every evening. Departure time confirmed on booking.

Minimum two persons for all tour departures or single supplement prices can be arranged on application.

Costs; prices valid until 31st March 2010

Tour only \$65.00 per person
